#YOUTHWORKONLINE

ONLINE RELATIONSHIPS

WEEK 5 | YOUTH

SESSION 1

Chat through these questions with the people around you. This could be the people that live in your house or you could message some friends or people from your church.

CHAT:

What online spaces are you in? (For example: Instagram, Facebook, Twitter, Playstation etc.)

Can we sometimes get caught up in how many followers or friends we have online?

Would you say your relationships online are thriving? If so, how?

If Jesus was on your social media platform, how do you think he would behave?

How can your relationships thrive in that online space?

Who can you invest positively into over the next week on an online platform?
